UFOs, Aliens, Aliens' Rapture, Nikola Tesla, and the United States Government

What is the aliens' rapture?

I. Definition and introduction:

It is part confrontation/collision, and part separation.
Although extraterrestrials are highly advanced, their high level of technology and baffling scientific knowledge are not categorically a code for morality and ethics.
Science, whether on planet Earth or beyond, can be used for ill purposes.
Such possibility exists all over the universe.
Thus, frictions, confrontations, oppositions, separation, and wars on the galactic landscape of extraterrestrials happen on a regular basis.

In fact, the very first time, humans have heard of visitors from outer space, was through depictions of aliens' destruction of cities on Earth, and wars between God and the Fallen Angels, and between the Nephilim, the Biblical Giants, the Watchers, the Guardians, the Legions of Darkness, and the Shining Ones, in the Bible, in the holy scriptures, in the banned books from the Bible, in the Gnostic scrolls, and ancient Mesopotamian clay tablets.
And all of them were of an extraterrestrial stock! Aliens' destruction of cities, burning people alive, and turning humans into pillars of salt were neither promising, nor reassuring for humankind.
So yes, extraterrestrials can fight each other, as we do often here on Earth. And Nikola Tesla was very concerned.

Nikola Tesla’s science center.

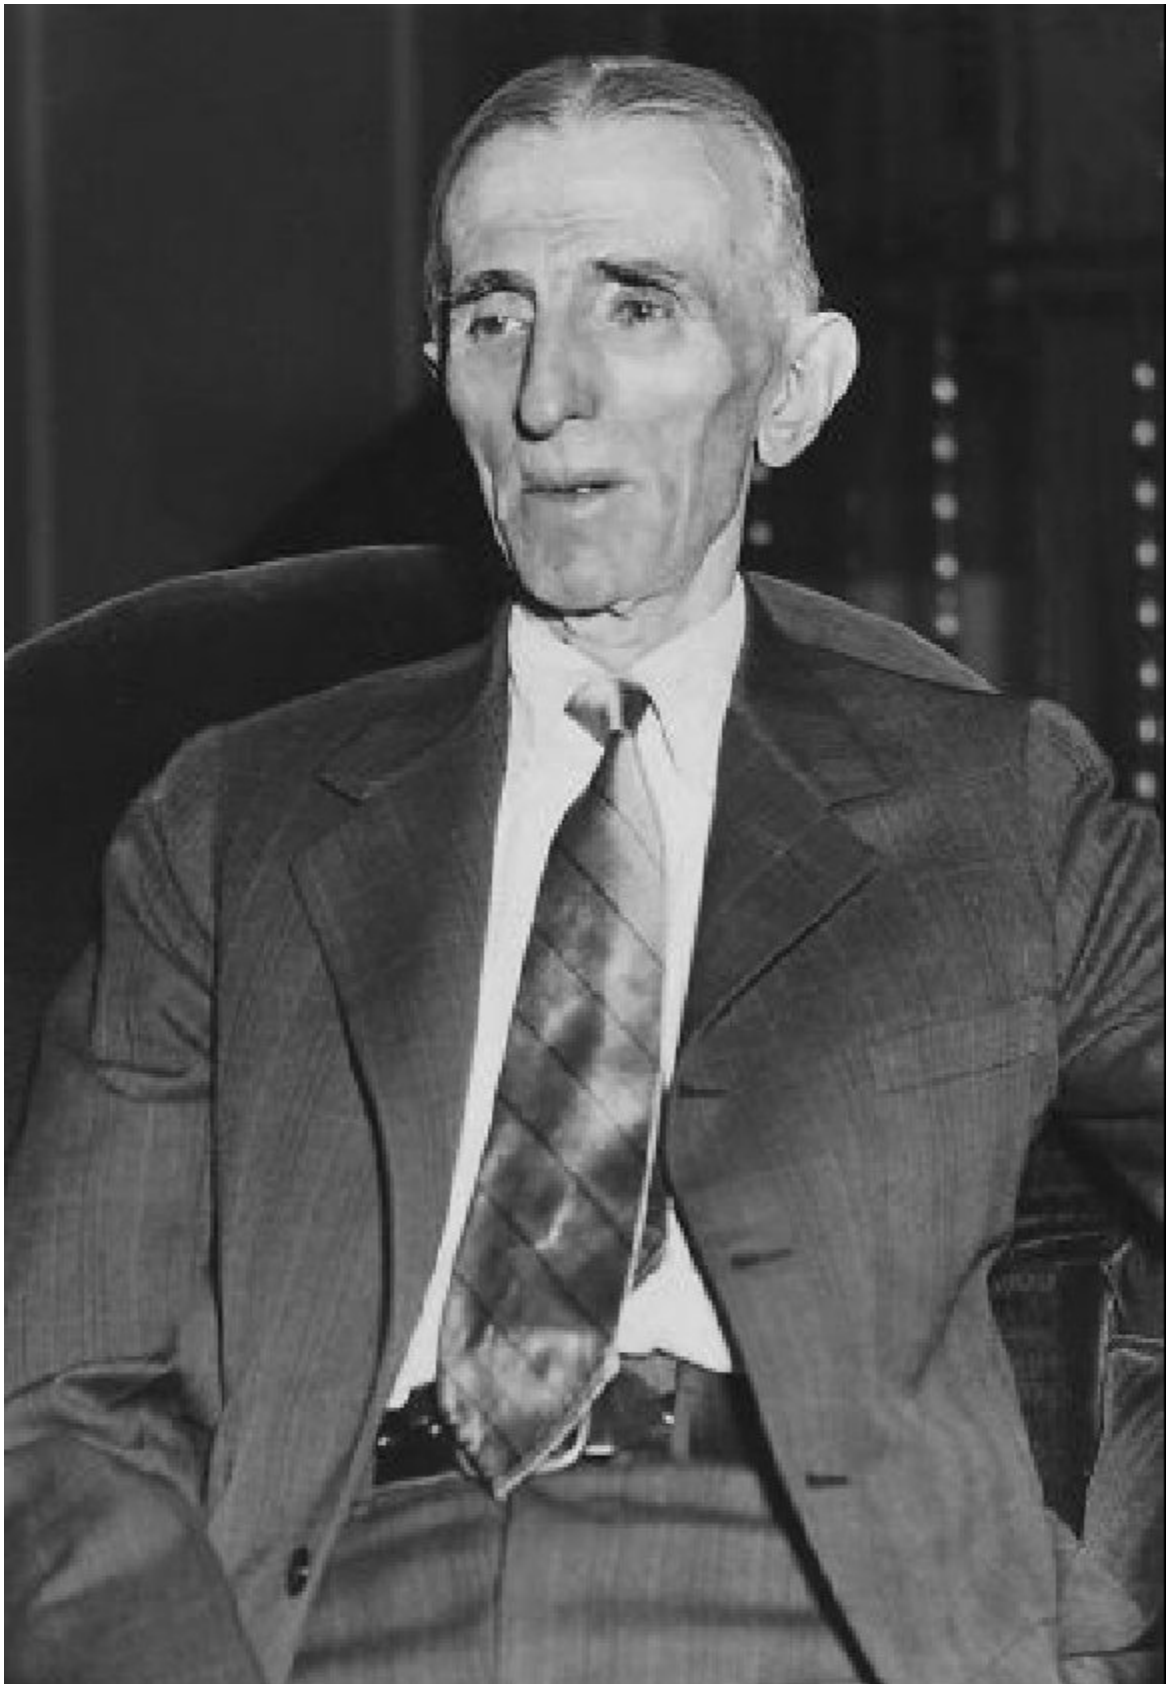
II. Channeling with extraterrestrials and entities from galactic civilizations is impossible: Of course, we don't know much about the social structures and social values of highly advanced beings on other planets.

Basically, what ufology's literature provides on the subject comes from channelers, experiencers, and contactees who allegedly met extraterrestrials, and received their "spiritual" messages through telepathy, as they often claim.
For zillions of reasons, I do not take seriously these messages and channeling business. Mainly because, contacts with extraterrestrials via channeling is impossible. And if such channeling does in fact exist, the human brain' frequencies and mental communications do not cross the frontiers of our solar system.
Unless, those channelers are using some sort of mind-boggling interstellar beams, and/or intergalactic mental/radio waves faster than light.
Even light bends on itself, gets distorted, and dissipates in the no-time-no-space zones. Grosso modo, channeling (from Earth) with extraterrestrials and entities from galactic civilizations is impossible. But Maria Orsic was an exception.

III. Any authoritative source(s) on the aliens' rapture and extraterrestrials' communications?

1. Introduction:

If this is the case, then we have no way at all of knowing what is going on in other planets, and particularly about duels, feuds, and rapture among extraterrestrial civilizations.
That is correct.
However, there are obscure, authoritative and very few sources that tell us something about the aliens' rapture, its origin, past or current development, and how it could affect the present and future of humanity.



These sources also reveal baffling governmental “notes”, and above top secret memoranda on extraterrestrials’ communications between two (or more) alien spaceships.

2. Some of these sources are:

- **a**-The Anunnaki-Ulema.
- **b**-The Book of Ramadosh.
- **c**-Statements by Anunnaki-Human-Hybrids.
- **d**-Statements by two highly respected astronomers, currently teaching at leading American universities, and working at some of the world's most advanced observatories.

Their names will not be released, even though, they gave their statements on the History Channel and the Science Channel in the United States, in 2008.

- **e**-Opinions of bona fide scientists (Astrophysicists, cosmologists and astronomers) who worked at SETI, for a very long time.

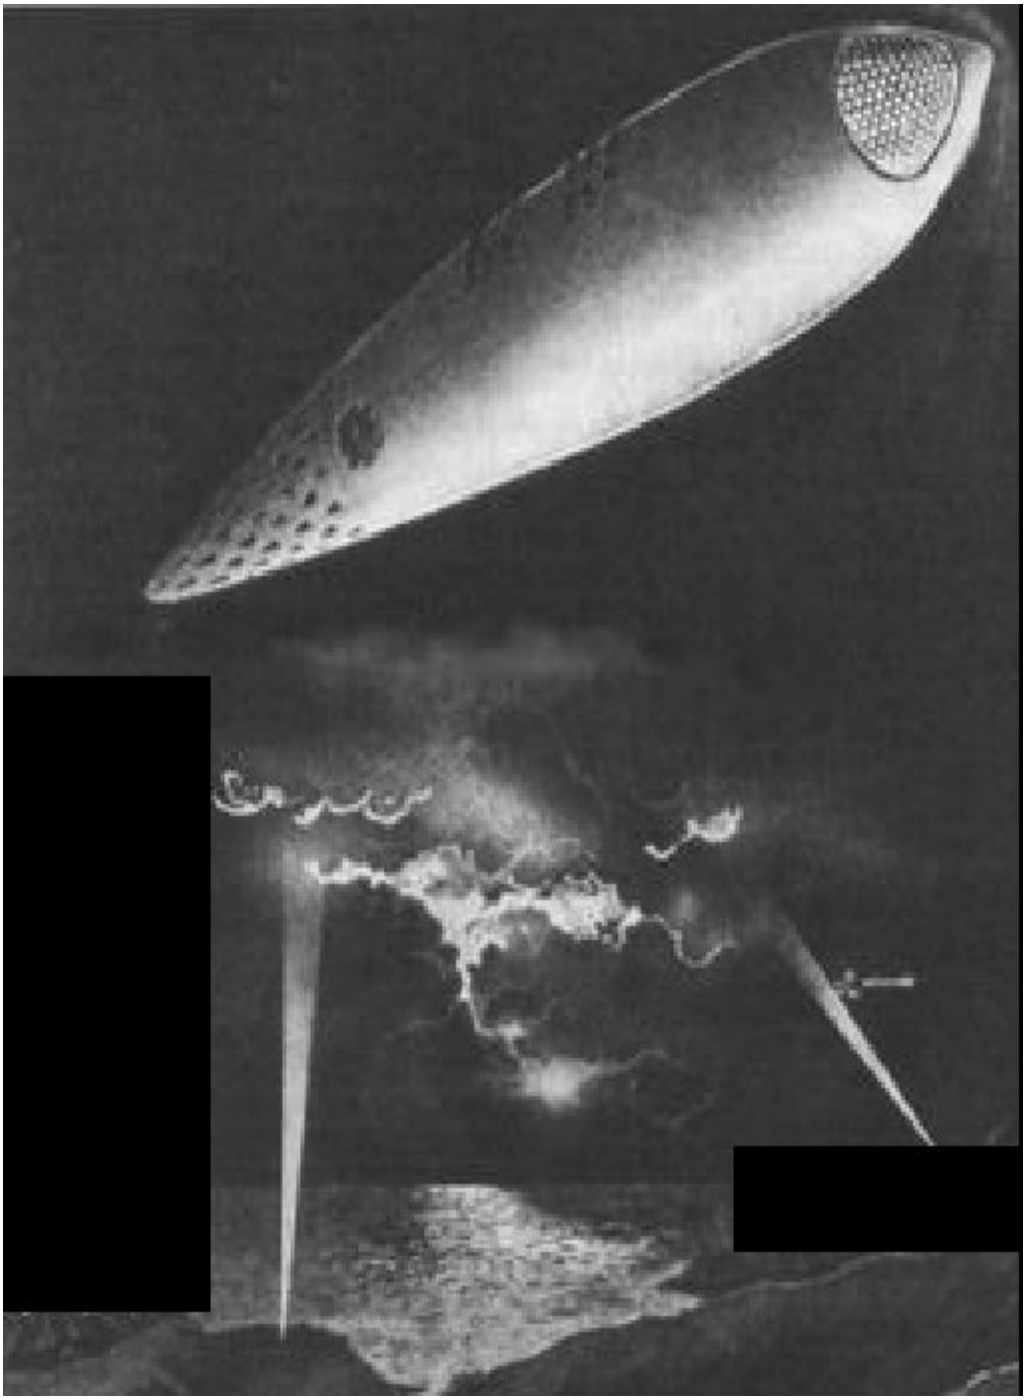
Their names will not be released, even though, they gave their statements in open discussions, and on the History Channel and the Science Channel in the United States, in 2008.

- **f**-Opinions and claims of eminent scientists and professors at Moscow Academy of Medicine (Moscow Sechenov Academy of Medicine), given in 1987, and in 1988. Their names will not be released, as long as, they are still teaching at the academy.
- **g**-World War Two famous cryptologists who worked on the German Enigma Machine codes, ciphering machines, and teleprinters, previously located in Room 40 of the British Admiralty Building, an undisclosed unit of Britain's military intelligence.
- In 1957, they explained how the British in 1956 and in 1959, tried to decipher some extraterrestrial messages. For national security reasons, their names shall not be released.

- **h**-Nikola Tesla’s papers: There is no doubt, Nikola Tesla who was in touch with Maria Orsic knew a lot about the extraterrestrial phenomenon.

Sava Kosanovic reported that his uncle Nikola Tesla told him about the German Bell-UFO, and Maria Orsic’s Vril, and in one of his correspondences with Marshal Tito, he explained to the Yugoslavian leader how these machines could work.
The personal files of Nikola Tesla, seized by the United States government, right after his death in 1943, revealed beyond the shadow of doubt, that: **a**-UFOs are real, **b**-Tesla’s anti-gravity flying disk flew successfully, **c**-There are many planets inhabited by intelligent civilizations, **d**-A contact with extraterrestrials is possible, if we have adequate instruments, **e**-Some galactic civilizations are in constant confrontation with other civilizations, and are part of the aliens’ cosmic rapture.

Worth mentioning here, that Nikola Tesla’s secret files pertaining to an anti-gravity flying machine (UFO) were confiscated by the United States government, when FBI special agents raided on his suite at the New Yorker Hotel, after his death.



A visual conception of Tesla’s anti-gravity flying disk. Should I say a phantasmagoric imagination?

His nephew, Sava Kosanovic, who was retained by the FBI for questioning, stated very clearly that Nikola Tesla told him about his anti-gravity flying machine (Referred to as the flying Disk), and about an early prototype which flew successfully from a hidden place in Mexico.

My sources told me that two security agents, then, working for King Peter II of Yugoslavia obtained what Kosanovic called “Summary of technical data and notes” written in an unknown language, which appeared to them and to Sava Kosanovic as well, as a cuneiform script.
Said data included illustrations, sketches and drawings of an UFO which had the shape of a cigar.
Kosanovic was questioned by the FBI and United States military intelligence about Tesla’s “Death Beam”, and his flying disk. For some reasons, it appeared to Kosanovic that the “American authorities were much more interested in Tesla’s flying machine than in any other inventions of his.”
Kosanovic believed that “The United States Air Force was fully aware of the military use and value of the “Death Beam. However, the anti-gravity flying machine was their main concern.”

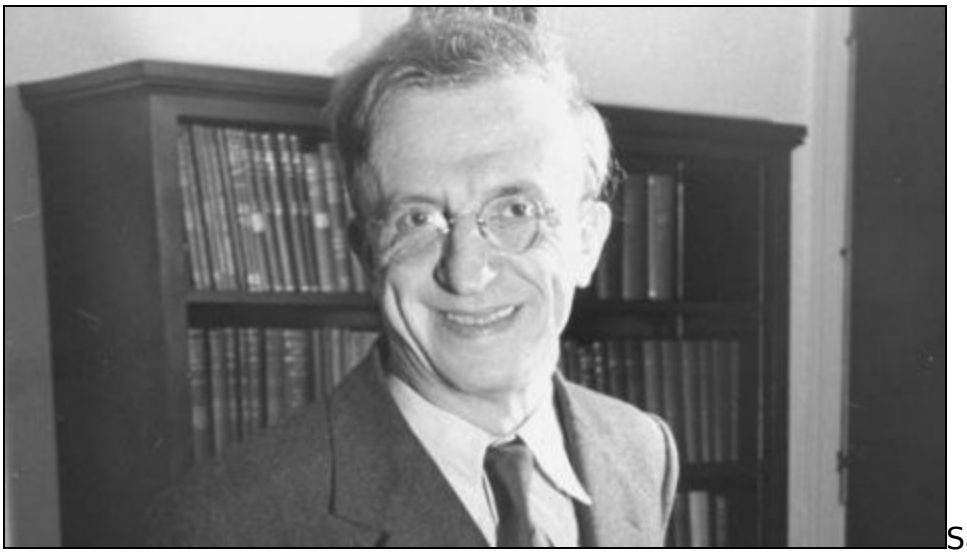
Account of Sava Kosanovic (Verbatim)



Sava Kosanovic

“I was retained for a few days, and I was not allowed to contact anybody. On the second day, the interrogations intensified, and I was repeatedly questioned about my uncle flying machine. I did not know much about it, except that it flew once in Mexico. My uncle did not tell me where the machine was constructed or where it was stored, however he did say that it flew successfully.
I asked him if any German or Italian engineer was part of his project, and he said categorically NO!
He added that the Germans had a totally different concept.
On the second day of my detention, they brought to the room where I was detained, a file of photos and drawings of various types of bizarre-looking flying disks.
They asked me if I was familiar with these photos, and I replied no.
Then they asked me whether any of these photos belongs to my uncle, and I said no, because my uncle never showed before any of his sketches and drawings.

They asked me, but this time, they tried to trick me- Ok, they asked me if the handwritings and notes were those of Nikola Tesla. And I replied no.
They asked me again if I was absolutely sure, and I replied absolutely, because my uncle did not write in German, at least during that time.
I did not know much about UFOs, but I could tell that the photos and drawings they show me had a German origin. Then, they showed me an enlarged photo of a circular flying machine and asked me if I knew what it was, and as I was going to say no, one man in civilian close said to the person who showed the photo, “Don’t”. I felt they did not want me to know a thing about that particular photo.
Then, and suddenly, I recognized at the very bottom of a “notice”, something, some sort of a remark which I knew immediately that it was written by my uncle because I knew how he used to write, even in languages or a script I was not familiar with…”
In another questioning “séance”, the Feds asked Sava Kosanovic if at any time, Nikola Tesla has said to him anything about extraterrestrials, and he replied, “Not much, except that the extraterrestrials are a serious threat to Earth.” Kosanovic’s answer is not far fetched, for Tesla himself stated publicly that the extraterrestrials are a real menace, even a threat. Tesla added, “I received numerous communications and messages from extraterrestrials. I heard them, I heard voices…and I am absolutely sure they are a threat to Earth…and to our life…”

Allegedly, a photo of one of Tesla’s prototypes of a UFO.

This is NOT a Tesla’s flying disk at all.

This is a photo of a flying disk’s prototype which was manufactured by Otis Carr at Osbrink Plant, Apple Valley.

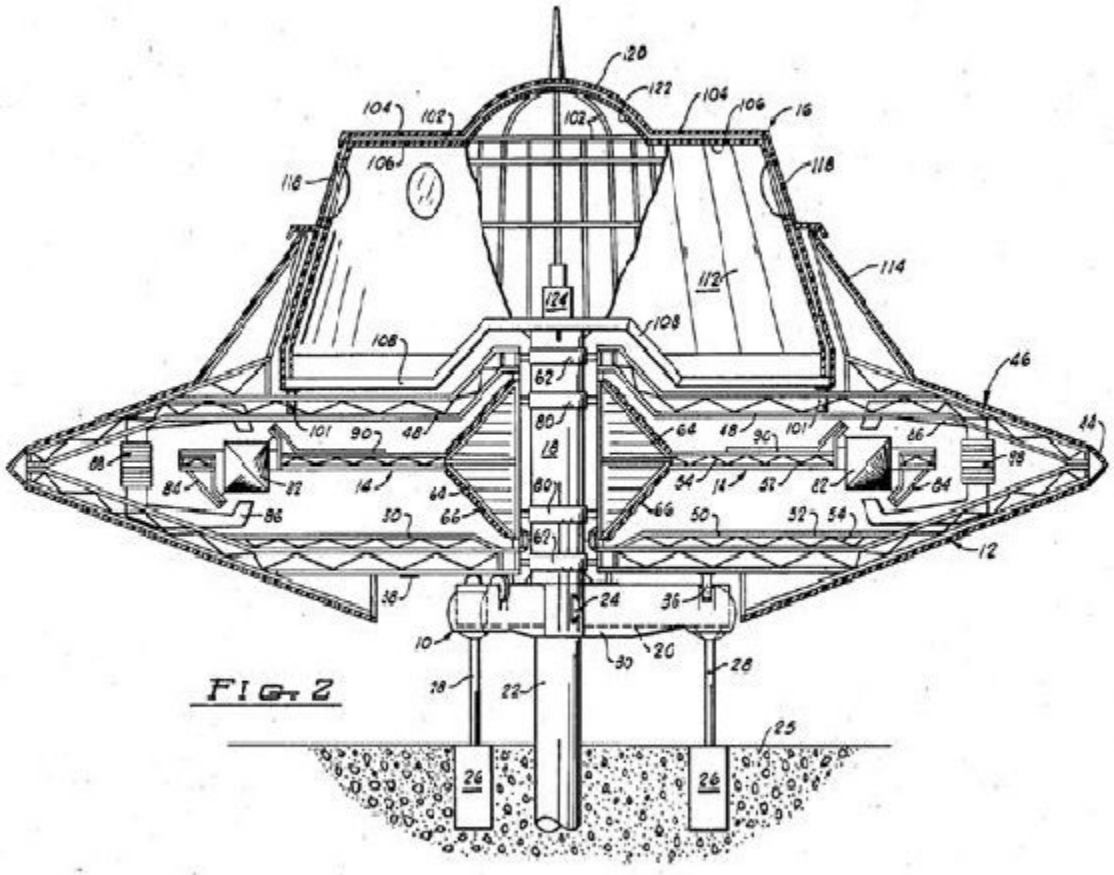
However Carr admitted that he was influenced by Nikola Tesla.

A protégé of Tesla, Otis Carr told the media in 1953 that his flying saucer which borrowed some of the principles of Tesla flew successfully as anticipated.

The government knew about the flight, and they shut down his plant, and confiscated all his papers.

Carr claimed that Nikola Tesla was not totally human. “He is not from this Earth” he said.

Original and authentic photo of Otis Carr’s UFO prototype.
Carr claimed that Tesla helped him design and build his UFO.



Allegedly a blueprint of Tesla's UFO.

I don't think that this drawing is genuine.
An insider told me, "It does not look right, because Tesla's sketches did not include numbers insider any drawing."
He added, "Although, it resembles other sketches we had on file, I am not totally sure it is authentic.
All Tesla's technical drawings and sketches of any type of flying disks didn't have numbers at all.
Tesla used to add some notes and numbers below his drawings.

And we could not figure out what they meant…they were a big mystery for us. Sometimes the notes were written in codes, in some sort of writings we were not familiar with.
We tried to decipher some….but no dice…”
He was right, because the “Allegedly a blueprint of Tesla’s UFO” is an earlier blue print of the OTC-X1, CARR Patent #US 02912244 Victorville, California, which belongs to Otis Carr.

Excerpt from a statement given by Nikola Tesla during his interview with the New York Herald Tribune on October 15, 1911, in New York City.
“My flying machine will have neither wings nor propellers. You might see it on the ground and you would never guess that it was a flying machine. Yet it will be able to move at will through the air in any direction with perfect safety.”

Note: Dr. von Braun and Dr. Teller notes on the aliens’ threats and rapture (Previously included in the Los Alamos secret archives), are now in the hands of the United States Air Force, Strategic Command, NSA, and the “Vaults” of the CIA.

Nikola Tesla’s files on the extraterrestrials: Tesla’s “Exotericon Gama” file.

One of the most sensitive and frightening topics involving Nikola Tesla, was his "Death Beam" invention. The FBI and the United States military intelligence units/branches became extremely interested in his invention, and its practical use as a weapon.

The White House and the Pentagon feared that Tesla’ beam blueprints might fall into the hands of the Soviets. But his files included more than the blueprints of the “Death Beam”.

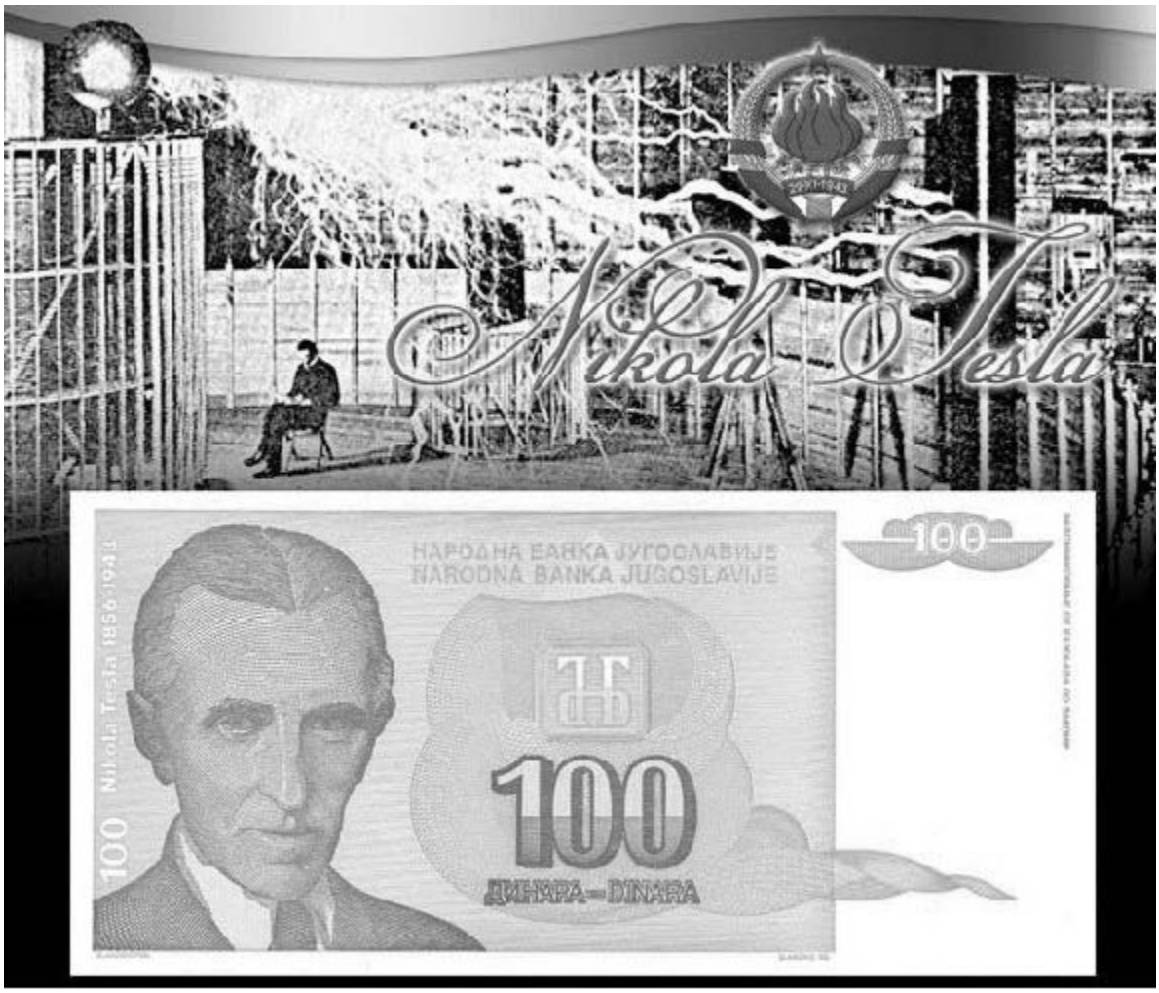
Special agent “A”, and Special Agent “C” stumbled on a Tesla’s file called “Exotericon Gama”.

On the back of the file, the word “Government” was written in blue ink. At that time, nobody took the Exotericon very seriously.

The top brass at the Pentagon thought Tesla is “Nuts”, despite the fact, that they were fully aware that some of Nikola Tesla’s undisclosed inventions could change the face and history of modern weaponry.

Written in codes and in ancient Sanskrit, Tesla described in the Exotericon (Later, to be called Tesla Government File): **1.** How extraterrestrials communicate; **2.** The sequences of dots, “1”, and “O” in the extraterrestrials’ messages; **3.** A warning sent by an extraterrestrial civilization to another galactic colony.

 4. How to build an anti-gravity flying machine.



The National Bank of Yugoslavia introduced this 100 dinars bill which features Nikola Tesla.

Nikola Tesla in 1916 pointing at a photo of himself in front of a discharge, taken in 1899 at Colorado Springs.

At the end of WWII, the United States government (Possibly, through President Harry Truman's Secretary of State, General George C. Marshall who was in charge of the secret correspondence with the British) asked the help of the decipherers at the British Admiralty to decipher Tesla's code, which was closely related to aliens' recorded messages by Tesla.

In fact, Tesla claimed that he had received messages from extraterrestrial civilizations.
And his nephew Sava Kosanovic publicly stated that his uncle told me that he has "received two messages from the extraterrestrials."
In a documentary on Tesla's legacy, PBS stated, word for word, and unedited: "The morning after the inventor's death, his nephew Sava Kosanovic hurried to his uncle's room at the Hotel New Yorker, in New York.
He was an up-and-coming Yugoslav official with suspected connections to the communist party in his country. By the time he arrived, Tesla's body had already been removed, and Kosanovic suspected that someone had already gone through his uncle's effects.
Technical papers were missing as well as a black notebook he knew Tesla kept—a notebook with several hundred pages, some of which were marked "Government."

Nikola Tesla (Fourth from left) with King Peter II of Yugoslavia in Hotel New Yorker in New York, on July 15, 1942.

Third from left is Tesla nephew Sava Kosanovic.

Note:

The notebook marked “Government” is the very same file originally called by Tesla “Exotericon Gama”, related to extraterrestrials’ communications.
Tesla’s papers were seized by the FBI, after he passed away in his room at the New Yorker Hotel.
His papers included elaborate details, drawings and blueprints of an anti-gravity flying machine, which closely resembled the German Bell-UFO, and Maria Orsic’s Vril.
Sava Kosanovic reported that his uncle Nikola Tesla told him a lot about the German Bell-UFO, and in one of his secret correspondences with Marshal Tito of Yugoslavia, he explained to the Yugoslavian leader how these machines work.

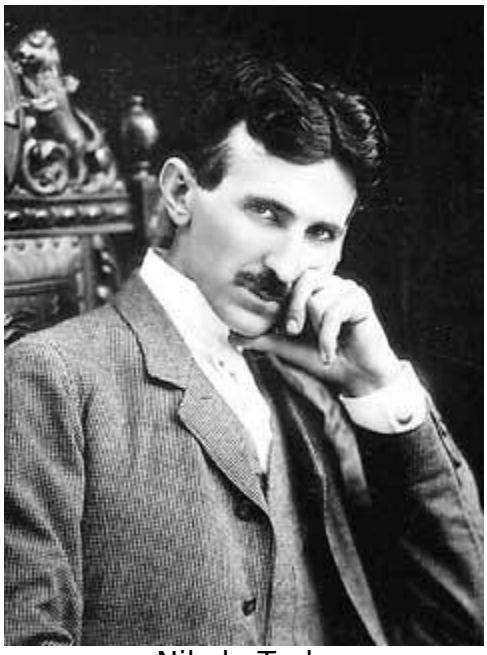
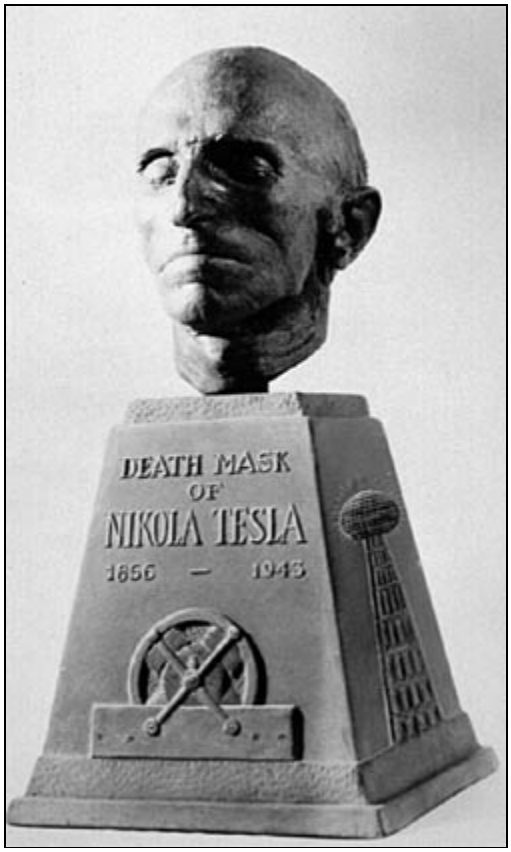
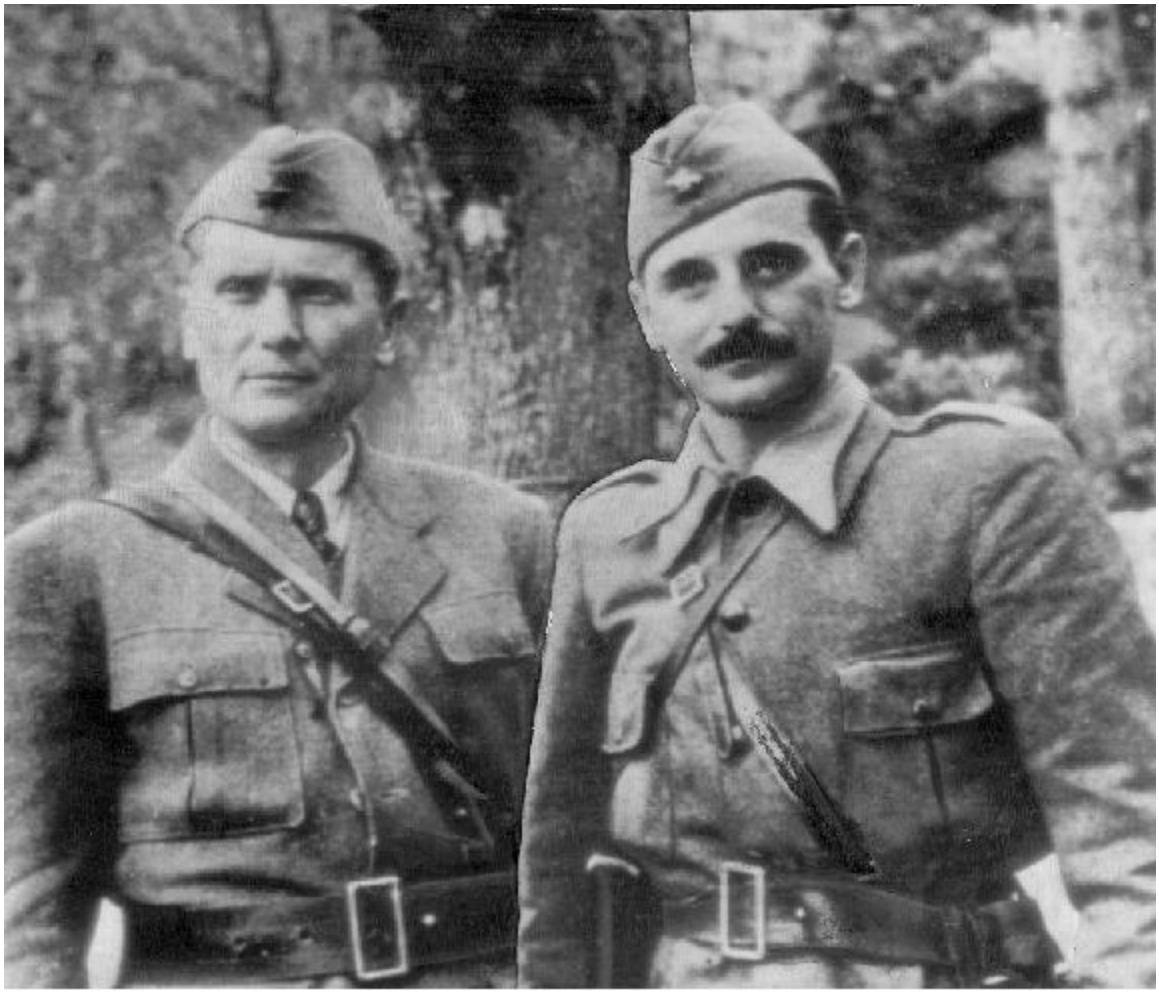
Nikola Tesla in his lab.



Nikola Tesla



Death mask of Nikola Tesla, one of the greatest minds of all time was cheated by Thomas Edison and ridiculed by the United States Air Force and Dr. Edward Teller.



From Left to right: Marshal Josip Broz, Yugoslavia’s leader, better known as Tito with Major General Koca Popovic, commander of the partisan First Army Corps. March 14, 1944.
Marshal Tito was fully aware of the German Bell-UFO whole spectrum. And he did talk about it in his correspondence with Nikola Tesla.

Foxworth, assistant director of the New York FBI bureau was called in.

P. E. Foxworth, then, assistant director of the New York FBI bureau, was called in by Hoover to investigate, to gather all Tesla’s scientific documents (Available and missing) and to come up with a list of Tesla’s friends, especially those who were known to have a tie with the communists.
Back then, Foxworth stated that the United States government was "vitally interested in preserving Tesla's papers…for posterity…and further scientific studies…”
Now we know that the United States government’s interest in preserving Tesla’s papers was neither of an academic nature, nor the preservation of the work of a genius.
My sources tell me that “Just two days after Nikola Tesla's death in New York, four officials from the Office of Alien Property (OAP) went to his room at the New Yorker Hotel and confiscated everything Tesla had in his room.
Absolutely everything, including his “robe-de-chambre” and shoes.”
The FBI and OAP used the word “possessions”, instead.
Note: The word “Possessions” means all his possessions, including all personal effects, scientific drawings, formulae, and particularly the “Beam Death” file (N. Tesla Death Ray as later called by the FBI), and the “Government file on UFOs”.

Tesla in his suite at the New Yorker Hotel, New York, 1934.

J. Edgar Hoover, Dr. Trump and Tesla's files: The "scary report" of Dr. Trump.

J. Edgar Hoover, then, director of the FBI called Dr. John G. Trump, a scientist (An electrical engineer who worked at the National Defense Research Committee, established by the Office of Scientific Research and Development "OSRD"), and asked him to study and assess the two files in question.
At that time, the OAP has already sent to Hoover, a duplicate of those files. My sources tell me, that Dr. Trump provided Hoover with a "scary report" on Tesla.
This is exactly how Trump's report was viewed and called by Hoover himself, and the director of the FBI bureau in New York.

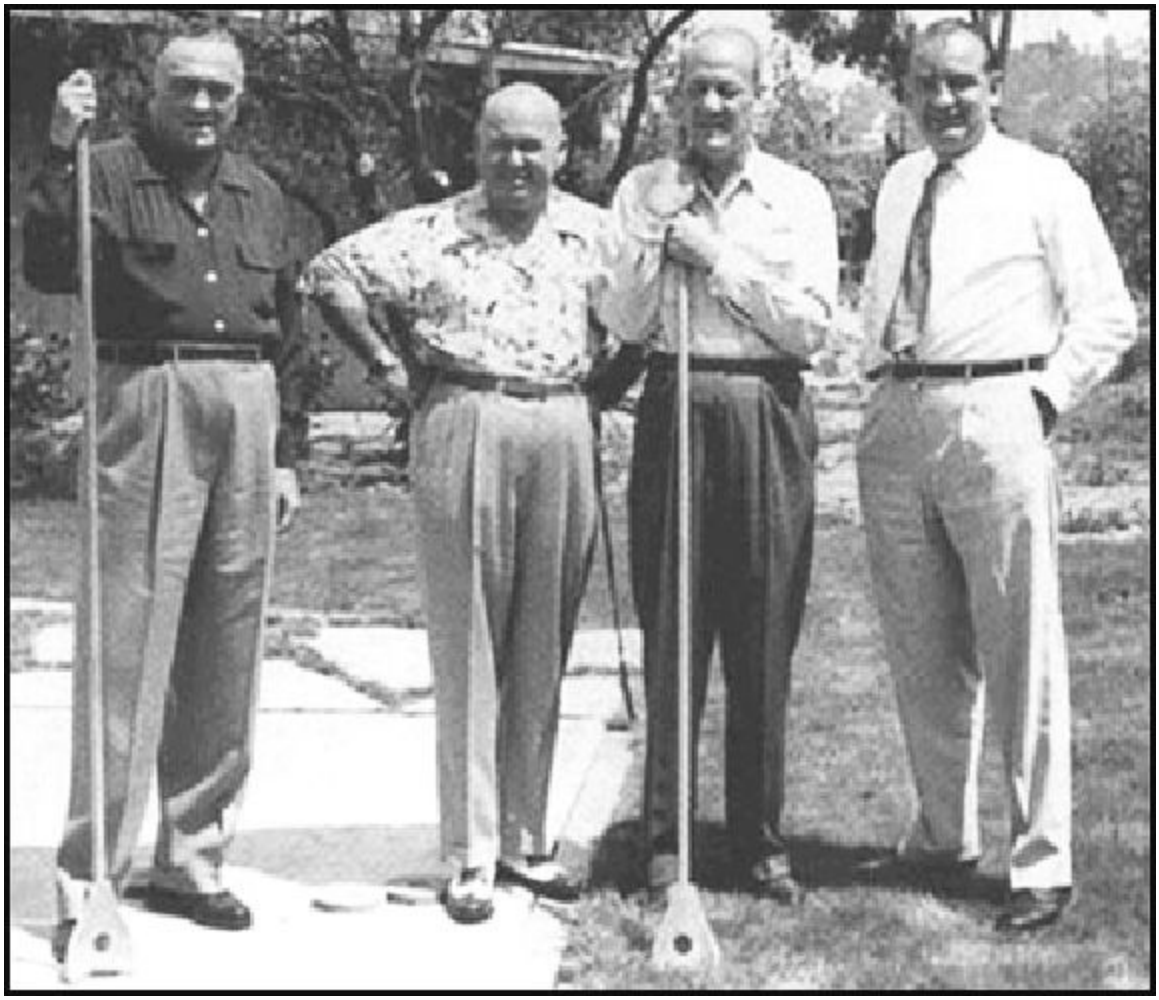
Clyde A. Tolson.

Clyde A. Tolson hides Dr. Trump’s report.

Hoover, as usual, a smooth talker and a master of disinformation and threats, kept the original report of Trump in the secret vaults of the FBI.
Fearing that something might happen to the secret vaults, Hooper asked his close friend Clyde A. Tolson to hide Trump’s file somewhere nobody could find.
Later, rumors surfaced that Tolson kept Trump’s report in the attic of an aunt of his who lived in a small apartment on Wisconsin Avenue, Northwest, Washington, DC.

Hoover falsified/switched Dr. Trump’s report.

Pressed by the Pentagon, OSRD, and OAP to release the report of Dr. John Trump, Hoover at once, summoned Trump and asked him to come up with a new version of his report, and to delete right away any references made to extraterrestrials, and to the “Ray of Death”. A deja-vu camouflage that echoes the infamous fake photos of the Roswell’s “Weather balloon” wreckages, manufactured and displayed by the military.



From left to right: J. Edgar Hoover, Royal Miller, Clyde A. Tolson and Joseph McCarthy.

Dr. Trump's conclusions: Here are Dr. Trump's conclusions:

"His thoughts and efforts (Meaning Tesla) during at least the past 15 years were primarily of a speculative, philosophical, and somewhat promotional character often concerned with the production and wireless transmission of power; but did not include new, sound, workable principles or methods for realizing such results."

And that was the end of the story and Tesla's files saga.

But was it? No!

Nikola Tesla, Brigadier General L. C. Craigie, and Patterson Air Force Base, and the "Project Nick."

My sources tell me that around November 17 or 19, 1947, the Pentagon called Brigadier General L. C. Craigie to inform him, that they will be sending him Nikola Tesla's "Government File" (Exotericon), and "Tesla Beam File" for his evaluation.

The big boys at the Pentagon became convinced that the extraterrestrials code deciphered by Tesla could help them solve some of the mysteries of the alien technology and the "Beam Stick" they found on the site of a UFO crashed near Roswell.

On November 21st or 22nd, 1947, the files were dispatched to Patterson Air Force Base in Dayton, Ohio, where Brigadier General L. C. Craigie started a secret operation code-named "Project Nick". Nick refers to Nicola Tesla.
Dr. Edward Teller and von Braun were called in to participate in the operation, and to lend their scientific expertise. Craigie began a series of experiments with no apparent success.

Note on Brigadier General L. C. Craigie: Lt. General L. C. Craigie's Promise to Truman: Major General L. C. Craigie began working on Nikola Tesla files, but he was mainly interested in the Tesla's files on the extraterrestrials, and the machine Tesla constructed for the sole purpose of contacting aliens. It was also heard, that Major General L. C. Craigie, later found a stack of papers on Maria Orsic, and other documents

pertaining to a script written in an unknown language to the military.

Lt. General L. C. Craigie.

It was also reported that Edwin Easley, (He was in charge of security and retrieving debris from the UFO crash site near Roswell) who at the time was Provost Marshall for the Army Air Force was asked to report to Major General L. C. Craigie. Later on, it was discovered that Edwin Easley amassed huge data on Tesla’s extraterrestrial files and submitted a report to President Truman.

His daughter, Nancy Easley Johnson, stated on the July 1, 2003 Larry King Live Show that her father promised President Truman not to say a word about the UFO crash and Tesla’s extraterrestrial dossiers.

But on his deathbed, Edwin Easley finally told his two daughters that he had seen "alien creatures" at the Roswell crash site, and the aliens messages of Nikola Tesla were real.

She stated on the July 1, 2003 Larry King Live Show that her father had promised not to talk about what had happened in Roswell.

At Fort Worth Base (Carswell AFB), on November 19, 1949, from left to right: Lt. General Curtis LeMay, then, head of Strategic Air Command, Senator Richard Russell, Major General Roger Ramey, then, head of the 8th Air Force at Carswell, pilot John Bartlett, the Air Force Secretary Stuart Symington, Senator Lyndon Johnson, and Congressman William Thornberry. All except Thornberry, and pilot Bartlett, were the architects of the UFO non-disclosure policy.
Lemay and Ramey reviewed the “1947-1948 Aliens Transcripts” as well as Nikola Tesla’s Exotericon file on extraterrestrials.

Dr. Vannevar Bush.
Dr. Vannevar Bush reviewed the “1947-1948 Aliens Transcripts” as well as many of Nikola Tesla’s notes and files on extraterrestrials.

Dr. Enrico Fermi (left) at Los Alamo.

Dr. Fermi publicly ridiculed the UFO phenomenon, yet secret reports, and the “1947-1948 Aliens Transcripts” clearly show that he attended two meetings with aliens in a secret United States military base. Dr. Edward Teller and Dr. von Braun were present at the meetings.

More scientists, including Fermi were called in.

One week later, Nobel Prize winner Dr. Enrico Fermi from Los Alamo was called in.
On January 17, 1948, an Italian scientist, who apparently has worked on some projects by Guglielmo Marconi was flown from Rome to Dayton, Ohio.
Around June 1948, the military discontinued “Project Nick”.
And that was the end of the Tesla’s files on extraterrestrials and ray of death. Really?
Not so!!

*** *** ***

“Project Nick” is now “Project Lexicon”!

Few things we know for sure:

a- All the files of Tesla vanished from the face of the earth.

b- The military instructed Teller, von Braun, Fermi, and the “Marconi Guy” (As he was called by peers) to keep their “mouth shut.”

c- The military continued “Project Nick” under a new code-name: “Project Lexicon”!!

Very a propos, considering the military interest in deciphering the extraterrestrials’ language, coded messages between two alien spaceships, and above all, the warning the military received from aliens they have apparently met on two occasions on a military base.

d- Dr. von Braun and Dr. Teller were so eager to put their hands on Maria Orsic’s correspondence with Tesla.

Extraterrestrials’ warning.

From the extraterrestrial warning, some military scientists concluded that the extraterrestrials are fighting each other, and some alien species are already here on Earth, preparing for a major confrontation.

Nikola Tesla in his lab.

What kind of confrontation?

Nobody knew at the time. However, in a third meeting with the aliens, the military learned that a “Gray Alien” species living underwater, and in an adjacent dimension, will confront the Americans, unless an agreement is reached between the aliens and the United States government.
The aliens did in fact refer to an “Alien Rapture” that has occurred under the nose of an “Galactic Extraterrestrial Council”, commonly known in ufology’s literature as the “Federation”.

What’s left from Tesla’s files fell into the hands of senior officers from the former Yugoslavian army.

My sources tell me that in 1952, and upon the continuous requests and demands of Yugoslavia’s Tito to release Tesla’s papers, a bulk of Tesla’s files and some personal effects were released to Sava Kosanovic. A colonel from the Yugoslavian army met with Kosanovic to take possession of Tesla’s papers.
Reluctantly, Sava Kosanovic released Tesla’s “remaining” papers to the Yugoslavian colonel.
For years, no scientist or journalist from the West was allowed to see Tesla’s papers. And nobody knew what kind of secrets and/or military weapons blueprints Tesla’s papers contained.
But everything changed in 1950, when a scientific committee in Belgrade announced, that Tesla’s papers will be finally displayed in public, and the scientific community will gain direct access to Tesla’s drawings and blueprints of his scientific discoveries, and inventions, except documents related to Maria Orsic.

Soviet Premier Nikita Khrushchev announcement to the Supreme Soviet (Presidium).

In 1960, Soviet Premier Nikita Khrushchev told the Supreme Soviet that "A new and fantastic weapon was in the hatching stage." No doubt, he was referring to Nikola Tesla's inventions, and Maria Orsic's Vril.

Some double agents claimed that Khrushchev was bluffing as usual.

Tesla was concerned about the "Safety of Earth"!

In 1953, Sava Kosanovic told a close friend that Tesla on two occasions showed a serious concern about the "safety of earth".

According to Kosanovic, Nikola Tesla told him that the world is no longer a safe place, and that he was working on a weapon system to counter aliens' attacks.

Nikola Tesla also told him, that he has learned from an intercepted extraterrestrial communication between two alien races that the aliens are fighting each other, and one race is intending on colonizing earth. The rapture in the Council of Extraterrestrial Colonies has divided the aliens, and a hostile alien race which is no longer a member of the Council will invade earth and enslave all of us. Some work in sync with an alien race living underwater.

Sava Kosanovic detained for two full weeks.

My sources tell me, that the military and intelligence agencies in the United States learned about what Kosanovic has said to a friend about aliens threat and Orsic's Vril, and detained him for two full weeks.

A few days later, Sava Kosanovic vanished from the face of the earth!

Further investigations of Nikola Tesla's scenario of the alien rapture.

The Tesla's "Aliens' Rapture" scenario was neither disregarded nor ignored by the military and intelligence community.

Further investigations of the “Rapture”, Maria Orsic’s Vril, and Tesla’s “Death Ray” (Beam Weapon) continued until 1958.

President Eisenhower allocated a huge budget.

In fact, before the end of 1958, President Eisenhower, secretly, and without telling the Congress, allocated a huge budget for a Top Secret project, requiring the creation of a military base for the purposes of: **a**-Studying and developing a charged-particle beam weapon; **b**-Developing a military defense strategy to face any possible alien invasion caused by the “Aliens’ Rapture”; **c**-Exploring the possibility of entering into a “final and friendly agreement with aliens” to prevent any clashes with hostile aliens.

Note:

The 1958 original blueprints and specs of Eisenhower’s proposed military base were used in their entirety, when the military built AUTEC base in the Bahamas.

Of course, the latest weaponry systems, and the world’s most advanced technology were added to the repertoire of AUTEC.

Project Seesaw: In 1958, the Defense Advanced Research Projects Agency (DARPA) began to work on a top secret project code-named "Seesaw".

Phase one of the research started at a secret military base. Phase two and phase three continued at the Lawrence Livermore Laboratory.
During all that time, military scientists who worked on these “Black Projects” were fully aware of the medium Maria Orsic’s Vril technical data, Tesla’s papers, including the threatening “Aliens’ Rapture.”

1958: The Russians built their first Nikola Tesla’s beam weapon facility.

In October 1958, the Soviets who had access to some of Tesla’s “Aliens Rapture” (Government File), smuggled to them by a double agent in Washington, and another major spy in Istanbul, Turkey, began to work on similar projects. Fortunately, nothing came out of it.
But in November 1970, the Russians (A joint team of scientists from Russia, Armenia and the Ukraine) built their first Tesla’s beam weapon facility in Southern Russia, near the Sino-Soviet border.

The CIA learned about the Russian facility from alien space-beacons orbiting Earth.

In February 1971, the Americans through their double agents in Kiev and Moscow learned about the Russian facility. This was the version of the CIA. (Yet, never disclosed or publicly admitted!) However, according to my sources, the CIA gathered intelligence on the Russian facility and the development of Tesla’s beam weapon program, from “friendly” alien space-beacons orbiting Earth.
Some of these space-beacons were piloted by “US Extraterrestrial Officers” and communicated with us through a machine invented by Nikola Tesla.

To many, this story is absurd and far-fetched. But years later, the “absurd” story of the “American Extraterrestrial Officers” was fully documented and proven real.

Russian Telsa’s beam weapon system and the United States Strategic Defense Initiative (SDI).

The American instant response to the Russian beam weapon program was the Strategic Defense Initiative (SDI) proudly announced to the world by President Ronald Reagan in 1983.

He stated: “Teams of government scientists were urged to turn their great talents now to the cause of mankind and world peace, to give us the means of rendering these nuclear weapons impotent and obsolete.”

In his broken English, a retired KGB general said verbatim, “Oh yes, I know all about SDI…The Americans did not build this weapons system… it was Nikola Tesla. They stole his papers after he died and years later, they came up with this idea…”

The FBI’s files on Nikola Tesla

The following FBI’s documents obtained via the Freedom of Information Act request, prove beyond the shadow of a

doubt that the United States government was intensely, vividly and constantly interested in Tesla's inventions and particularly in his: 1-"Death Ray"; 2-UFO (Anti-gravity flying disk); 3-Foo Fighters (Electro-magnetic balls of fire); 4-Possible communication with the enemy; 5-Involvement with the Philadelphia Experiment.

And reveal that:

1-The United States seized all his personal belongings, personal effects, scientific data, and all pertinent documents related to is inventions, found in his hotel suite (The New Yorker Hotel), in Manhattan, New York; 2-The intent of arresting and detaining his nephew, Kosanovic Sava; 3-Preventing any country for having access to his inventions papers and files; 4- The United States intended on hiding Tesla's inventions.

The FBI's investigations of Nikola Tesla, and compiling huge files and dossiers on his private life and inventions, and his relation to his nephew (Thought to be a spy) were/are justifiable under the law; they were deemed absolutely necessary and a must, because the FBI and other intelligence agencies had reasons to believe that enemies of the United States will try to kidnap Tesla, torture him, force him to reveal his secrets, and above all, to use his inventions and discoveries against the United States, especially since the Germans began to develop their UFOs' programs, anti-gravity flying machines, electro-magnetic balls of fire against our fighters and bombers.

America was in war, and the government wanted at all costs to protect the lives of our fighting men, and obviously the safety and security of the nation and the American people wherever they are.

The reasons for including these classified (Now, unclassified-Declassified materials) in this book is to prove that Tesla's extraordinary inventions were of "invaluable importance and value" to national security, and de facto were a

paramount and integral part of his UFOs and his alleged communications with extraterrestrials.

Comment: What “**invaluable instrument of war and/or defense”, the FBI is referring to?**
And who are the “**alien enemies” ?**
During WWII, Russia was an ally. It is obvious that Nazi Germany, Japan and Italy were the alien enemies. Between 1938 and 1040, Germany was developing their UFOs’ programs, and experimenting with their Foo Fighters, aka “Electro-Magnetic Balls” which were chasing American fighters and bombers. The electro-magnetic technology was one of Tesla’s major inventions, and was closely associated with UFOs.

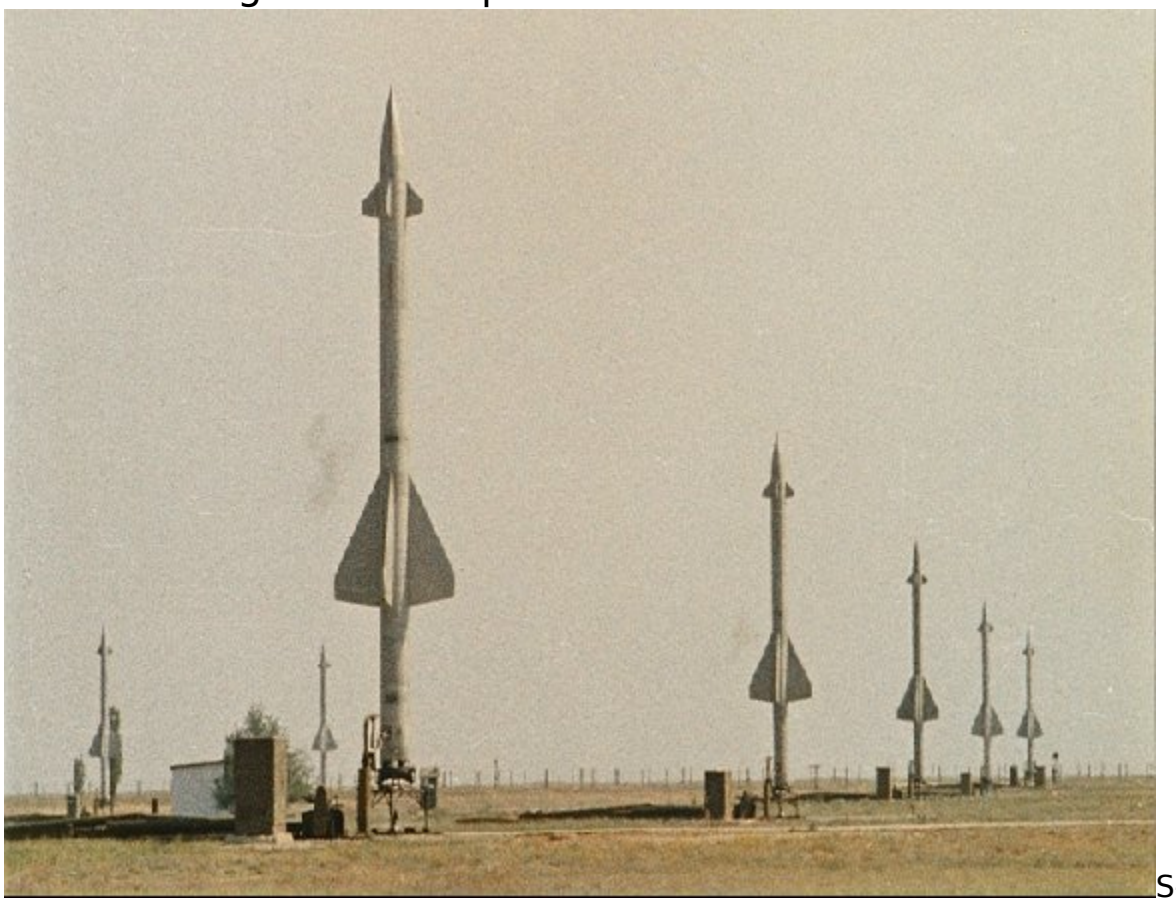
A letter for the Director of the FBI, NYC, about Tesla's "Death Ray", dated 1-9-43. On page 2 of the letter, line 10, we read, "Has to do with so callede (sic) DEATH RAY. See comments on the next page.

A letter for the Director of the FBI, NYC, about Tesla's "Death Ray", dated 1-9-43.

Comment: In 1943, Nazi jet fighters were equipped with the Death Ray instrument/weapon, and the first Nazi UFOs prototypes had the Death Ray weapon which was installed on the upper level of their UFOs.
Tesla stated that he invented the Death Ray to shoot down aliens' spaceships in the event they attack Earth. Years later, after the war, the USAF and NASA began to develop Tesla's technology with the help of Dr. von Braun and Dr. Oberth.
No less than 2 American astronauts admitted that some sort of laser beams (Rays) were aimed at alien UFOs they spotted from the window of the Space Shuttle. They could not identify the origin of the beams, and who or what shot those beams. The beams were captured on film and were seen on American television.
Ufologists claim that the United States Air Force and NASA aimed the beams at extraterrestrial UFOs, because they believed that they were an imminent threat to the astronauts and the Space Shuttle.
NASA's engineers came up with a very unbelievable explanation, when asked about the nature of the beams, and what those UFOs were doing at a close proximity from the Space Shuttle. NASA's comment was: "They were ice particles, debris….etc. etc…"
This leads me to wonder: Did Tesla develop his Death Ray based upon information and data he received from his communications with aliens as he claimed, or from alien technology reverse engineering, or possibly from

instructions he obtained from Maria Orsic and Dr. Otto Schumann?
Was Tesla right about a possible alien attack? You bet!



S-25
Berkut / SA-1 Guild battery at Kapustin Yar.
Twice, this facility was attacked by aliens and German UFOs. It is on record in the Russian military secret dossiers. And the United States intelligence is fully aware of it.

At one time, the United States and other countries considered the possibility of aliens' intervention as manifested in those UFOs' sightings and even landings.
They were right to a certain degree.
De facto, it is a global threat. And should you decide to call this threat or covering-up this threat "a conspiracy", then you better call it a "global conspiracy", because Russia too, has been hiding the threat for decades.

In fact, Soviet Union's air base at Kapustin Yar, and other military bases and missiles launching pads were attacked by UFOs on two occasions. Fire-Balls were caught on film by the Russian military, and confirmed by the KGB.

Russia's Kapustin Yar.

At Kapustin Yar, the Russians with scientists from Kiev in the Ukraine, Tbilisi in Georgia and Yerevan in Armenia were experimenting with a weather weapon system, capable of creating climate/atmospheric catastrophes.

Statement of Igor Maltsev, former Chief of Air Defenses of the Soviet Union.

In 1989, Igor Maltsev, then, the Chief of Air Defenses of the Soviet Union confirmed that the UFOs seen over Russia were real. He said verbatim that: "They are not optical illusions or atmospheric anomalies.

We don't know for sure where they come from, their origin could be extraterrestrial, or perhaps man-made. We don't make them in the Soviet Union, and we know without any doubt that some of UFOs' types are not made in the United

States. Then, they must come from secret places here on Earth…and on two occasions our pilots chased them but they disappeared at the speed of the light.
I have no further comments.”

Statement of Russian Colonel, pilot and cosmonaut Marina Popovitch.

Russian cosmonaut, Colonel Marina Popovich.

In 1992, Colonel and pilot Marina Popovich, who is also the wife of Pavel Popovich then, head of the Soviet Union Committee on UFOs stated that three cigar-shaped flying saucers and a group of fire-balls attacked Kapustin Yar, and destroyed the launching pads and sites of ballistic and intercontinental missiles. Fearing retribution from the Soviet military command and the KGB, Colonel Popovich refrained from the telling the truth about the origin of the flying saucers.
She admitted that the Soviet Union had fragments from the wreckages of 2 UFOs that crashed over Estonia, and Dalnegorsk.

President Reagan discussing UFOs and aliens’ threats with Shevardnadze and Gorbachev.

September 15, 1987: While having a lunch with Shevardnadze, President Reagan talked with his guest about a possible threat to Earth from out of this world, and asked him, “Do you think the United States and the Soviet Union would be together to fight the threat?” and with a firm tone Mr. Shevardnadze replied, “Absolutely!”

A White House transcript referred to what President Reagan said to Gorbachev about UFOs and aliens; here is an excerpt: “How easy his (Gorbachev) task and mine might be in these meetings that we held if suddenly there was a threat to this world from some other species from another planet outside in the universe.

We'd forget all the little local differences that we have between our countries ...”

In 1987, in Moscow, Gorbachev stated that such discussion did occur. Here is an excerpt from Gorbachev’s statement, “The U.S. President said that if the earth faced an invasion by extraterrestrials, the United States and the Soviet Union would join forces to repel such an invasion.

I shall not dispute the hypothesis…”

President Ronald Reagan speaking about an alien threat at the United Nations.

Excerpts from President Reagan's Address to the 42nd Session of the United Nations General Assembly in New York, at 11:02 A.M. in the General Assembly Hall, on September 21, 1987.

Ronald Reagan: "We look forward to a time when things we now regard as sources of friction and even danger can become examples of cooperation between ourselves and the Soviet Union. Can we and all nations not live in peace?
In our obsession with antagonisms of the moment, we often forget how much unites all the members of humanity. Perhaps we need some outside, universal threat to make us recognize this common bond. I occasionally think how quickly our differences worldwide would vanish if we were facing an alien threat from outside this world. And yet, I ask you, is not an alien force already among us? What could be more alien to the universal aspirations of our peoples than war and the threat of war?"

In brief secret meetings, President Reagan echoed his concerns about UFOs' threats to Prime Minister Mohammed Khan Junejo of Pakistan, and UN Secretary General Javier Perez de Cuellar de la Guerra.

OF NIKOLA TESLA (Deceased)

In a teletype from the New York Office dated January 9, 1943, the Bureau's advice is requested as to what action should be taken in connection with this matter. It is to be noted that Tesla died January 7, 1943, and resided at the Hotel New Yorker. He was one of the world's outstanding scientists in the electrical field and has been conducting many experiments in connection with wireless transmission of electrical power and what is commonly referred to as the "Death Ray".

OF NIKOLA TESLA
ESPIONAGE - X

Nikola Tesla, one of the world's outstanding [illegible] in the electrical field, died at his residence in the [illegible] York City, on January 7, 1943. In the course of [illegible] many experiments with respect to the transmission [illegible] of radio and what is commonly called the "Death Ray" [illegible] respect to the wireless transmission of electrical [illegible] were been completed and perfected, and Tesla had also completed and revolutionary type of torpedo which is not in use by [illegible] time. In a FBI's memorandum dated January 11, 1943, we read on line 4-7, references made to Tesla's completed and perfect Death Ray. On the same page (See next page), the memorandum contained important recommendations.

Tesla has a distant relative by the name of Sava Kosanovich, whom he intensely disliked. Kosanovich is reported to be taking steps to get possession of these important documents and plans, and Spanel believes there is a strong likelihood that Kosanovich will make such information available to the enemy. On January 7, 1943, Kosanovich, accompanied by George Clark, in charge of the Museum and Laboratory for RCA, and Kenneth Swezey of Brooklyn, New York, entered Tesla's rooms at the Hotel New Yorker where, with the aid of a Locksmith, they broke into a safe in which Tesla kept some of his valuable papers, including important electrical formulae, designs, et cetera.

Mr. Spanel, in addition to reporting these developments to the Bureau, has also advised the headquarters of the Military Intelligence Division, a Mr. Workin of the Department of Justice in Washington, and Dr. Lozado of the advisors to Vice President Wallace. Lozado advised Spanel that the Government was vitally interested in the effects of Tesla and required that Spanel loose no time in doing all he could to preserve them.

Dear [redacted]

With reference to your letter of August 18, 1952, our files disclose that the effects of Nikola Tesla were taken into custody at the time of his death by the Office of Alien Property, and not by this Bureau. Consequently, you may wish to communicate further with that agency, which may be addressed as follows: (65-47953)

Assistant Attorney General
Rowland F. Kirks
Director, Office of Alien Property
United States Department of Justice
101 Indiana Avenue, N. W.
Washington 25, D. C.

Sincerely yours,

John Edgar Hoover
Director

The Office of Alien Property contradicts the statement of J. Edgar Hoover.

J. Edgar Hoover stated in a letter dated August 26, 1952. "... our files disclose that the effects of Nikola Tesla were taken into custody at the time of his death by the Office of Alien Property, and not by this Bureau..."
But the Office of Alien Property, in answering an inquiry by Kenneth M. Swezey, clearly stated that the Office of Alien Property, did not hold anything belonging to Nikola Tesla.

According to the attorney who handled the Tesla estate, Mr. Philip Wittenberg, the Alien Property Custodian assured him that nothing had been held. I have a letter from the Office of Alien Property, dated March 15, 1955, which confirms this statement.

See below an excerpt from Mr. Swezey to J. Edgar Hoover: See on the next page, copy of the letter of Mr. Swezey, addressed to J. Edgar Hoover, dated June 25, 1955.
On page two of the letter, we read: "The FBI broke into Tesla's safe on the day he died.""

John O'Neill, in his biography of Tesla, states that the FBI broke into Tesla's safe on the day he died, and an article in the current (June) Coronet repeats this. I know this isn't true. I did hear, however, that the FBI somehow lent a hand to the Alien Property Custodian during the latter's search in the warehouse.

Mr. J. Edgar Hoover
Federal Bureau of Investigation
Washington, D.C.

Dear Mr. Hoover:

Back in 1943, the local Alien Property Custodian searched through the belongings of the late electrical inventor, Nikola Tesla, stored in the Manhattan Storage Warehouse in New York City. Tesla had been a naturalized American for more than fifty years, so I believe that the search was made on the grounds that the property was to be sent to Yugoslavia, through Tesla's nephew and heir, Mr. Sava Kosanović (Mr. Kosanović had been Minister of State under the King's government, later became Ambassador to the United States from the present government, and is now a Minister serving in Belgrade).

According to the attorney who handled the Tesla estate, Mr. Philip Wittenberg, the Alien Property Custodian assured him that nothing had been held. I have a letter from the Office of Alien Property, dated March 15, 1955, which confirms this statement.

In gathering material to help in a nation-wide commemoration of Tesla's hundredth birthday next year---which will be participated in by leading scientific and engineering societies, museums, and universities---I have just discovered, however, that Tesla's solid gold Edison Medal somehow vanished during that search.

As a friend who had known Tesla well during his last twenty years, I was with Mr. Kosanović in Tesla's room in the Hotel New Yorker on the day he died. A safe expert was called in to unlock Tesla's safe. Among its contents were several honorary degrees, a volume of greetings which I had gathered for him on his seventy-fift birthday, a bunch of keys, and the Edison Medal. We kept out the book of greetings (I mentioned this at the time to the assistant manager of the hotel and later to a Mr. Gorsuch of the Alien Property Custodian's office), but everything else, including the medal and the keys, was replaced and the safe was locked.

RECORDED - 87 100-237

Except when it was inspected by the Alien Property Custodian, the safe was never reopened until it

arrived in Belgrade (where Tesla's property was to be installed in a special Tesla Museum) and was there opened by Mr. Kosanovic. According to his former secretary, both the bunch of keys and the medal were missing. The keys were later found in a tin box outside the safe; the medal was never found.

I learned of the disappearance of the medal only by accident. Mr. Kosanovic had asked his former secretary to get permission from the American Institute of Electrical Engineers (who gave Tesla the Medal) to have it duplicated This was given, but the cost, it turned out, would be abou four hundred dollars. In the meantime, the Tesla Museum, in Yugoslavia, is quietly trying to raise the money to pay for it.

The irony of this situation is more disturbing than the money involved. By giving us a system which made electric power universally available, Tesla---probably more than any other one man---helped put America on top of the world. At the time he died, his gold Edison Medal was the only material evidence left of this country's appreciation. That this last token should have disappeare ---to have to be replaced by his materially poor countryme overseas for whom he had done nothing---seems a tragic denouement.

John O'Neill, in his biography of Tesla, states that the FBI broke into Tesla's safe on the day he died, and an article in the current (June) Coronet repeats this. I know this isn't true. I did hear, however, that the FBI somehow lent a hand to the Alien Property Custodian during the latter's search in the warehouse.

If that is so, I thought that perhaps some of your men might remember the conditions under which the search was made and therefore might have a suggestion as to what coul have happened to the medal. After this long time, I have no hope that the medal can actually be restored, and I am already trying to interest Americans in making a replaceme But future biographers might be spared a lot of wild guess and wrong blaming if some hint could be obtained as to whether the original got lost, strayed, or stolen---and wh might have been responsible.

With best regards and sincere appreciation for any hel you can give,

Sincerely,

Kenneth M. Swezey

INFORMATION CONTAINED HEREIN IS UNCLASSIFIED DATE 2-3-80 BY

[redacted] Street, New York 24, New York, a United States citizen of Yugoslav extraction, who on occasion, voluntarily furnishes the New York Office with information he considers to be in the interests of the Security of the United States Government, furnished Special Agent NICHOLAS J.MASTROVICH the following information on July 3, 1957:

[redacted] stated that a certain woman named Mrs. MARGARET STORM who lives with her husband, JOHN, at the Colonial Hotel, 51 West 81st Street, New York 24, New York, has been issuing newsletters which contain information pertaining to flying saucers and interplanetary matters.

[redacted] stated that in his opinion Mr. and Mrs. STORM are exploiting the reputation and genius of NIKOLA TESLA, deceased, inventor of Yugoslav extraction who achieved world wide fame as a result of his inventions in the United States.

TESLA was born in Smiljan, Yugoslavia in July, 1859 and came to the United States in 1884 and became a naturalized United States citizen. In 1886 TESLA designed the arc-lighting system and two years later he invented the Tesla motor and designed a plan for the transmission of alternating current. In subsequent years, TESLA's discoveries and inventions included such fields and appliances as wireless communication, electrical oscillation, radiant power and radio active matter. After 1900, communications and wireless power transmission occupied most of his research.

TESLA's only military invention was a method to which he once eluded but never fully described. This invention was a means whereby an inpenetrable "wall of force" can be erected around the United States' borders which would render helpless any military attack. TESLA disclosed the existence of his plan in 1934 and stated he intended to present it to the Geneva Conference but seldom referred to it afterward.

The "New York Times" dated 9/22/40, carried an article setting forth NIKOLA TESLA's plan for a "Death Ray". This article included information to the effect that TESLA, on his 84th birthday, July 10, 1940, advised New York Times reporter WILLIAM [redacted]RENCE that he was ready to divulge to the United States Government the secret of his "teleforce", with which he said airplane motors would be melted at a distance of 250 miles so that an invisible Chinese wall of defense would be built around the country against any attempted attack by an enemy airforce no matter how large. According to TESLA, this "teleforce" was based on an entirely new principle of Physics that "no one has ever dreamed about" and was different from the principle embodied in his inventions relating to the transmission of electrical power from a distance, for which he received a number of basic patents.

TESLA stated that this new type of force would operate through a beam one hundredth millionth of a square centimeter in diameter and could be generated from a special plant that would cost no more than two million dollars and would take only about three months to construct. TESLA stated that a dzen such plants located at strategic points along the coast, according to TESLA, would be enough to defend the United States against all possible aerial attacks. TESLA stated that this beam would melt any engine and would also ignite explosives aboard any bomber. TESLA stated that no possible defense against it could be devised and he asserted that the beam would be all penetrating.

TESLA stated to Mr. LAWRENCE that he makes one important stipulation before he would divulge this secret to the United States Government and that was that should the United State Government decide to take up his offer, he would go to work at once but that the United States Government would have to trust him. TESLA stated that he would suffer "no interference from experts."

In this "New York Times" article Mr. LAWRENCE commented that with conditions as they were in 1940, and with the United States getting ready to spend millions of dollars for National Defense, Mr. TESLA's great reputation as an inventor, who always was many years ahead of his time, should be given careful consideration. Mr. LAWRENCE stated, in his opinion, the United States Government should take Mr. TESLA at his word and commission him to go ahead with the construction of his "teleforce" plant.

The New York file of Mr. TESLA bears no indication that any additional developments were carried on in connection with TESA's invention and whether or not TESLA fully divulged his new plan to the United States Government.

TESLA died at the age of 85 on January 7, 1943.

Mr. [redacted] provided a two page copy of the above mentioned newsletter which Mr. and Mrs. STORM have been distributing in connection with the alleged invention by TESLA, which, according to Mr. and Mrs. STORM, consists of a radio type machine known as the Tesla Set which was invented by Mr. TESLA in 1938 for interplanetary communication. Mr. and Mrs. STORM claim that TESLA's engineers did not complete the Tesla Set until after TESLA's death in 1943. Mr. and Mrs. STORM claim that this Set was placed in operation in 1950 and since that time TESLA engineers have been in close touch with space ships, etc.

Maria Orsic and Nikola Tesla.

What did they have in common?

Many things, to name a few:
1-Both came from the same part of the world. Maria's father Tomislav Orsic emigrated from Zagreb (Capital of modern Croatia) to Germany, at the time Croatia was part of the former Yugoslavia.
Nikola Tesla was born in Smiljan on the Croatian border, and emigrated from Serbia, at the time Serbia was part of Yugoslavia. So both were Yugoslavs.
2-Both were vegetarians. Tesla said that eating meat is a "barbarous habit." Maria said, eating meat is "savagery."
3-Maria Orsic and Tesla were animal-lovers. Maria loved German-shepherd dogs, cats and white doves. Tesla was fond of pigeons; he used to feed pigeons twice a day in Central Park, New York. And it was reported that on one occasion, he brought an injured one to his room to take care of and nurse around the clock until full recovery.
Maria Orsic did the very same thing; she was a cats and pigeons rescuer.
Maria once said, "You can fully trust people who care for cats, dogs and pigeons…especially pigeons…" And when Maria Orsic left Germany in 1945 penniless, she carried a white dove in her left hand.
4-Both received inspiration and advanced technical data from extraterrestrials, and both publicly acknowledged that.
Maria received technical data on how to build a flying saucer, an anti-gravity machine, and electro-magnetic drive.
Nikola Tesla in his personal notes and secret files wrote about anti-gravity machines, electro-magnetic apparatuses,

flying saucers, and a device to communicate with extraterrestrials, a transmitter called “Teslascope”.
5-Both were constantly watched, spied on, and placed under surveillance by intelligence agencies, and the military; Maria by the Gestapo and SS, and Tesla by the FBI, the OSS, the CIA, and military intelligence.
6-Both distrusted organized religions.
7-Maria and Tesla disliked pearls, diamonds and jewelry.
Tesla made fun of women who wore heavy make-up, earrings, gold necklaces and diamonds. Maria Orsic did not have earrings, never wore gold, and never had any kind of jewelry.
8-Maria Orsic and Nikola Tesla were life-long bachelors. And of course none of them had children.
Despite her extraordinary beauty, and so many young men were running after her, Maria remained virgin, never had a lover (But a fiancé for a very very short time) and always discouraged the Ladies of Vril from having intimate relations with men.
She stated that celibacy is essential for enlightenment and scientific creativity.
Nikola Tesla stated that chastity was very helpful and essential to his research, mental faculties and scientific abilities.
9-Nikola Tesla spent the rest of his life in a two-room suite, number 3327, on the 33rd floor of the Hotel New Yorker, in New York. Maria went she moved out of her parents house on Whilhelmstrasse, rented a two-room apartment in Berlin, and later in München, until she disappeared in 1945.
1o-Both had some of their inventions and concepts either copied or stolen by others.
Maria Orsic by Himmler’s SS and the Luftwaffe.
Tesla by Thomas Edison, Marconi and others.
11-Both did not know how to handle money.
Nikola Tesla lived like a destitute for a great part of his life, and at one point in his life he was digging ditches to survive.

And for almost 14 months, he worked as laborer in New York City. Thomas Edison verbally promised Tesla to pay him $50,000 for redesigning his generators.
And Tesla did.
When Tesla asked for his money, Edison replied: “Tesla, you don’t understand our American humor.”
He died almost flat-broke with lots of unpaid debts. Maria never touched money in her life, for she believed money is a curse and source of all evils. She was never paid for her sketches, drawings and technical data for her Vril UFO (First German UFO ever), the SS confiscated.
When she left Germany in 1945, she was penniless; she had a little white dove in her left hand.
12-Both predicted Germany will loose the war in 1945.
13-Both were almost kidnapped by the same people; Stalin’s NKVD.
14-Both believed in multi-universes and stargates.
15-Both were Catholic by birth.
16-None of them practiced his/her religion.
17-Nikola Tesla and Maria made extraordinary claims which seemed bizarre to many. Maria at one time was labeled “Mad witch” by Himmler, and Tesla was viewed as “Nuts” and a mad scientist by the FBI and the United Air Force.
18-None of them finished college.
Even though Nikola Tesla attended two universities.
19-Borth distant themselves from their parents. Either in December of 1920 or 1921, Maria broke all relations with her parents. Tesla in December 1878.
20-Tesla worked for a short time as an assistant engineer in Slovenia. Maria’s father also worked for a short time as an assistant engineer at the University of Munchen.
21-Maria’s mother, Sabine was talented in making dolls. Tesla’s mother Duka was great in making home tools.
22-Both claimed to have had visions.
23-Both organized technical sketches and measurements in their heads and were so fast in drawing sophisticated

patterns and designs. Maria with the technical data she received from the extraterrestrials, and Tesla with all sorts of inventions and concepts.
Both had mental-pictures and picture-thinking processed in their mind.
24-Both used ancient languages and symbols in their sketches and notes. Maria delivered her messages and technical data in Sumero-Akkadian-Ugaritic scripts, more precisely in Ana'kh, the language of the Anunnaki. Tesla in Sanskrit.
25-Nikola Tesla was absolutely convinced that one of his inventions could be used as an effective device to communicate with extraterrestrials, and to send messages to other planets.
At one time, he claimed to have received extraterrestrial messages from the Moon, Mars and beyond, which prompted him to invent "Teslascope"; an apparatus for communication with aliens and civilizations from outer-space.
His "Teslascope" was a revolutionary invention which consisted of a powerful radio transmitter designed for communication with aliens and extraterrestrial life throughout the whole universe.
On July 20, 1931, Time magazine published the following statement of Nikola Tesla: "I have conceived a means that will make it possible for man to transmit energy in large amounts, thousands of horsepower, from one planet to another, absolutely regardless of distance. I think that nothing can be more important than interplanetary communication.
It will certainly come some day, and the certitude that there are other human beings in the universe, working, suffering, struggling, like ourselves, will produce a magic effect on mankind and will form the foundation of a universal brotherhood that will last as long as humanity itself."

Author Arthur H. Matthews, who worked closely with Testa until his death in 1943, in his book, “The Wall of Light; Nikola Tesla and the Venusian Spaceship,” wrote that Nikola Tesla created the Teslascope to communicate with extraterrestrials on Mars.”

According to Dr. Andrija Puharichthat who met with Matthews, “Tesla actually had two huge magnifying transmitters built in Canada, and Matthews operated one of them.

Most people know about the Colorado Springs transmitters and the unfinished one on Long Island.

I saw the two Canadian transmitters. All the evidence is there.

The Teslascope is the thing Tesla invented to communicate with beings on other planets.

There's a diagram of the Teslascope in Matthew's book. In principle, it takes in cosmic ray signals. Eventually the signals are stepped down to audio.

Speak into one end, and the signal goes out the other end as a cosmic ray emitter.”

Maria Orsic has claimed that she has received direct messages from extraterrestrials and aliens from other planets and constellations, such as Alpha Tauri, and began to work on a super flying machine she could use to visit the aliens in Aldebaran.

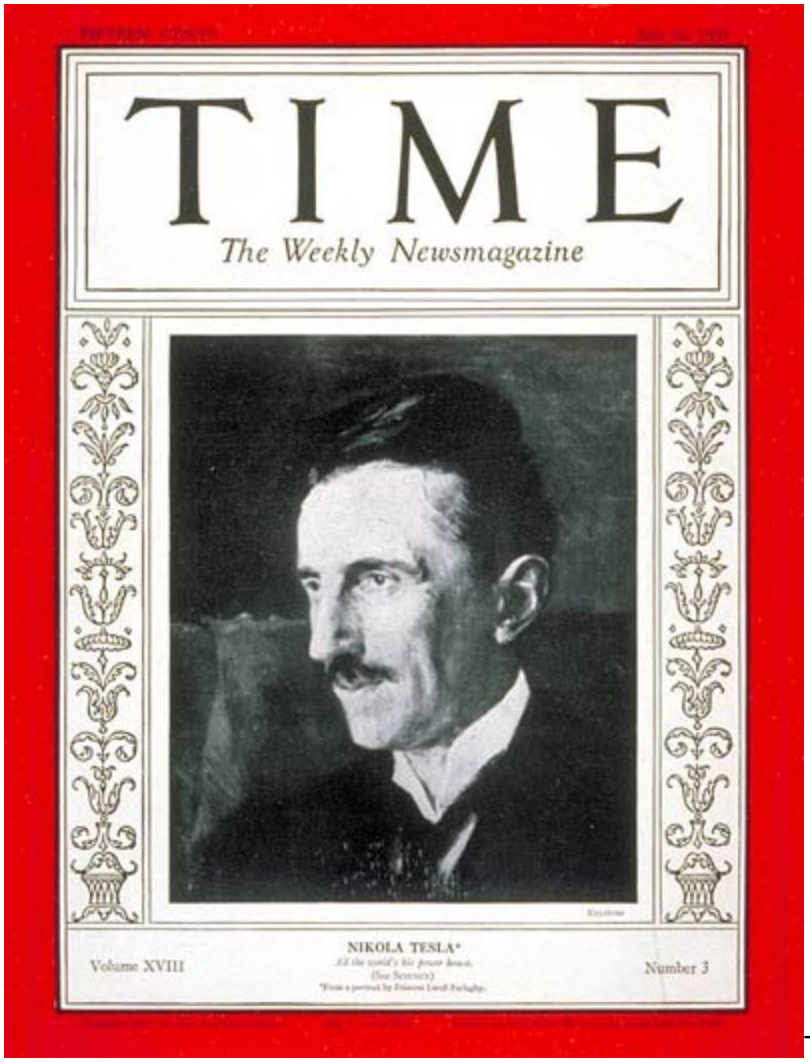
26-Maria was fluent in German, English, French, Serbian, Czech, and later, following a trance, she became able to read cuneiform and speak Akkadian and Ana’kh.

Nikola Tesla was fluent in German, English, French, Serbian, Czech, Hungarian, Latin, Spanish, Italian, with a fair knowledge of Sanskrit.

27-Maria was the first person in history to have worked on an unheard type of flying machines and a galactic mode of traveling and transportation.

In 1928, Nikola Tesla received a patent for his invention of a vertical take-off and landing aircraft; a revolutionary

traveling and transportation machine for the era.
28-Himmler used to make fun of the Yugoslavian ethnic origin of Maria, a heritage she was so proud of. Tesla too, was so proud of his Serbian/Croatian origin.
In a 1936 telegram sent to Vladko Macek, leader of the Croatian Peasant Party, who was born on June 20, 1879 in the village of Kupinec near Zagreb, Yugoslavia, Tesla wrote, “Long live all Yugoslavs.”
29-Both were obsessed with certain numbers.
Tesla with 3, Maria with 0, 3, 33, and particularly 6.



Tesla on the cover of Time magazine.

The stunning Maria Orsic.

Orsic, and behind her a German UFO.
I tend to believe that this photo is a montage. Fake!

30-Both had many friends in common, Marshall Tito, President of Yugoslavia, to name one.

31-Both wrote part of their most important notes in cryptic scripts and unknown languages.
Maria in Ana'kh. Tesla in Sanskrit.
32-Both were opposed to war. Tesla believed that peace and friendly international relations between nations in the East and the West would make the world safer, and would bring people together despite their different social systems and religious beliefs. Maria felt the same way.
Maria Orsic did not want the Nazi party and Himmler to interfere in her work and research, and refused to meet with politicians in general.
She even refused to meet with Hitler's personal guest, Mufti Al Husseini, because she learned from Marshal Tito that the Mufti had recruited 20,000 Muslim Yugoslavians for the SS.
33-Nikola Tesla predicted that women would become the dominant sex in the world. Maria believed that women should run world's affairs in the future, because on one hand they are more honest, and on the other hand, women would become the dominant sex in the future.

Anunnaki Genetic Creation of the Human Races, Demons and Spirits. 5th Edition. (In 2 Volumes) The book IS EXPLOSIVE and AUTHORITATIVE! It contains hundreds of photographs, illustrations, maps, sketches and inscriptions, tablets and slabs translated from Sumerian and Akkadian by the author, a world authority on ancient languages and Anunnaki.

5,000 year old tablets demonstrated that WE ARE NOT CREATED BY THE GOD OF THE BIBLE. We were genetically created by the Anunnaki. This book has all the proofs to convince you once for good! The Anunnaki created the human race, God, Gods, angels, spirits and demons before the dawn of the history of Man. Don't be offended, GOD was created by the Egyptian priests, and the Mesopotamian myths/epics. And organized religions are cashing on it!

The extraterrestrials created many species and different human races here on planet Earth. But there are other early human beings who were created in space, and on other planets, and like the very small and very tall species, they were not part of the evolutionary process of the modern human beings. In total, 36 (some say 46) different human and quasi-human species lived on planet Earth in many regions of the globe. And none of them were created by the "God" we know and worship. After all, they did not look like humans, and if we have to believe that humans were created in the image of "God", as Judaism,

Christianity and Islam tell us, then, most certainly those early 36 different species who looked like ferocious beasts, were not made in the image of "God".
The Anunnaki, Igigi and other extraterrestrial civilizations created several models of early human beings, Negative entities, reptilians, Djinns, Afrit, evil-birds, and demons which live in the lower sphere/zone (Alternate dimension), and on Earth Also you will read about:
Names of the Anunnaki gods and goddesses who created the first humans, and the genetic creation of the human race
The Igigi who created the first quasi human/robots
The Akkadian text on the creation of Man
Anunnaki geneticists who developed DNA sequences, and altered the genes of hybrids
The early human forms
The Earth-made human creatures
The Space-made human creatures
Metabolism and the oceans-made human creatures
Evolution of the extraterrestrials and the human races

YEAR 2022. Anunnaki Code: End Of The World And Their Return To Earth. (Return of the Extraterrestrial Gods) In 2 Parts

Most of the material of this book has been learned from sources that are totally out of reach for the average reader, and ufology's milieu. Some was hidden in the archives of museums, some written on tablets that have never been translated before, and some of it is oral knowledge that have never been given to a Westerner before. The author, Maximillien de Lafayette, have been so fortunate as to study with those who are the guardians of this knowledge in the East. This is the first time he is making use of this depot of knowledge, and we are very lucky to have access to it. The subjects introduced in this book are explosive. Most important is the fact that it reveals the potential return of the Anunnaki in 2022, and the most frightening transformation that it would bring to the earth. If this is going to happen, a huge number of the people on earth, those grossly contaminated by Grays' DNA, will be annihilated. You know who they are - the child murderers, the rapists, those who torture, those who abuse, etc. Yes, we all know who they are. But the Anunnaki, who have no false sentimentality at all, will not tolerate even a medium level contamination. Unless they do their best to clean themselves

during the grace period of the next eleven years, those of mid level contamination will also be destroyed. Those who would manage to clean themselves to a certain degree may possibly (but without any guarantee) be able to escape the burning, smoking earth through special portals, called Ba'abs. Only those who are naturally uncontaminated and those who managed to clean themselves completely will be taken up through an antimatter bubble, with the animals and certain important buildings and inanimate art and culture objects, and kept safe until the earth would be clean again. Such a scenario is, to say the least, disconcerting.

Even if you are not sure whether you are a believer or not, you should certainly consider the possibilities - and the book teaches you exactly how to save yourself. For those who are interested in the use of esoteric codes, they are here to learn from. Each term will teach you how to use it for your benefit, how to apply it not only to your spiritual growth, but to your business, relationships, and daily life.

You will learn how to interpret the codes in many ancient languages, how to build a physical amulet/code that will protect certain aspects of your life, and how to develop your psychic and extrasensory powers by simply using these codes.

You will learn how the Anunnaki were our original creators, who else tempered with our genetic materials, and how God factors into all this. Religion, true and false, will be explored. Jesus, who never really died on the Cross, will be shown as a historical figure, with his wife, Mary Magdalene, with whom he escaped to ancient Marseille. Who were Adam and Eve? Who was the Serpent? How do the gods of Sumer signify to us?

You will be asked to consider the old theory, now discarded, that the Anunnaki came here to mine gold. You will meet the earliest extraterrestrial-human civilization, and no, it was not Sumer. It was, believe it or not, Phoenicia! You will learn many secrets about the Anunnaki themselves - such as their extrasensory powers, their deep knowledge of genetics and science, and their unbelievably long lifespan.

Who is their God?

What kind of social classes they have?

What spiritual principles do they exercise?

And most important, what is their 2022 plan for humanity after the apocalyptic cleansing of the earth.

Comparison with Akkadian, Sumerian, Assyrian, Arabic, Hebrew, Aramaic, Phoenician, Chaldean, Hittite, Ugaritic, Babylonian.

A WORLD PREMIERE EVENT.

For the first time in philology's history, and chronicles of civilizations of the ancient world, Maximillien de Lafayette, a world renowned expert linguist (Ancient Languages) provides us with the first lexicon/thesaurus/dictionary of the Anunnaki and Ulemite languages. This book is a treasure. It consists of a set of 4 volumes. The last volume focuses on Anunnaki and Igigi language conversation. And YES you will be able to speak their terrestrial and extraterrestrials languages as spoken on Earth and their planet.

This unique work consists of definitions of words, etymology, epistemology, the study and linguistic investigation of the derivation and origin of the ancient Middle and Near East languages, Semitic and non-Semitic languages and dialects, including, but not limited to Old Babylonian, Akkadian, Sumerian, Assyrian, Chaldean, Aramaic, Phoenician, Ugaritic, Hebrew, Hittite, Arabic, etc.

Ana'kh is the language of the Anunnaki who descended on ancient Turkey, Mesopotamia, and Phoenicia according to the Ulema. It is of an extraterrestrial origin. Ulema Al Bakr stated that it was used by early the human beings who

lived in ancient Anatolia, on the Island of Arwad, in Tyre, Sidon, Byblos, Ugarit, Amrit, and Mu. He added that from the Ana'kh derived the primitive languages of the Near East and the Middle East. Ana'kh was never made public.

It remained a secret language known only to the Ulema, and later on to the Allamah. It sounds Semitic, because of its phonetics. But it is "not Semitic at all", said Ulema Ghandar Gupta.

It has no grammar, but it has an extremely rich vocabulary and an abundance of metaphoric expressions.

A considerable number of Akkadian and Sumerian words that appeared in the Sumerian/Akkadian/Chaldean Epic of Creation and the Bible derived from Ana'kh.

Around 569 A.D., a group of Ulema (Munawareen) in the Near East (Non-Islamic scholars) compiled an extensive list of Ana'kh words and phrases. In 625, A.D., two leading figures of the Ulema brotherhood wrote the Book of Rama-Dosh; a compilation of Ana'kh terminology, a lexicon, and Kiraats (Readings).

Ulema AL Bakr stated that the Ulema are not member of a religious group. They are neither Muslim nor members of any organized religion. In fact, they were persecuted by the companions of the Prophet Muhammad, and were expelled from the Arab Peninsula. They found refuge in Cyprus and Marseille. But the honorable Ulema was quick to point out that the early Sufi masters, poets and Sufi trance dancers were Ulema. He added that Ulema should not be confused with the Islamic Ulema who teach Islamic law, or with the Allamah who were the leading Islamic figures of science and letters in medieval times.

Farid Tayarah, an Ulema himself, and a former head of a Masonic Lodge stated that the Ana'kh was used during Masonic sessions and services. He added that a considerable number of Masonic words and expressions are pure Ana'kh, especially those words referring to levels and degrees in Freemasonry, and initiation ceremonies.

Many of the original words of this language, as well as numerous linguistic derivations are included in this book.
